ENERGYTECH
SYMPOSIUM 2027

PROLINK EVENTS
BRIDGING POSSIBILITIES

APRIL 5–6, 2027 · CALGARY

Conference Agenda

EnergyTech Symposium 2027 · Engineering the Future of Energy

DAY 1 · MONDAY, APRIL 5

Strategy, Capital & Global Markets

Energy security, global energy corridors, capital, AI & digital, Indigenous partnerships and how energy gets built.

DAY 2 · TUESDAY, APRIL 6

Technology & Operations

CCUS and methane, the new supply mix, powering AI, startups, cybersecurity and field operations.

01 · AI & Digital in Oil, Gas & Power

02 · Decarbonization & CCUS

03 · Sustainable & Emerging Energy

04 · Energy Construction, Fabrication & Field Operations

Palomino Hall, BMO Centre, 20 Roundup Way SE, Calgary, Alberta, Canada · Draft agenda as of October 2026, subject to change.

DAY 1

Strategy, Capital & Global Markets

Where energy demand, investment and policy are heading.

Mon, Apr 5

Palomino Hall, BMO Centre

7:30 – 8:45 AM

REGISTRATION

Registration, networking breakfast & exhibition opens

8:45 – 9:00 AM

WELCOME

Welcome address & opening remarks

Rahul Bhatia, Founder & CEO, Prolink Events Ltd.

9:00 – 9:25 AM

OPENING KEYNOTE

Energy Security, Competitiveness & Canada's Next Decade

- How Canada competes for capital and customers in a shifting global market
- Alberta's role in supplying a world that needs more energy and lower emissions

Senior government or industry leader, to be announced

9:25 – 10:15 AM

CEO PANEL

Producing More, Emitting Less: The Decade Ahead for Oil & Gas

- Capital discipline, growth and the case for long-life assets
- Technology priorities in producers' 2027–2030 plans
- Market access: pipelines, LNG and new customers
- What producers need from suppliers, government and investors

Speakers to be announced

10:15 – 10:50 AM

NETWORKING

Coffee break, exhibition & Tech Demo Corner

10:50 – 11:40 AM

INTERNATIONAL PANEL

Global Energy Corridors: Canada, the Gulf, Africa & the Americas

- Where Canadian technology and services are winning abroad
- Partnering with national oil companies in the GCC and Africa
- LNG, petrochemicals and gas monetization: shared lessons
- Joint ventures, local content and doing business across borders

Invited: delegation leaders from the UAE, Saudi Arabia, Nigeria and the Americas

11:40 AM – 12:25 PM

INVESTOR PANEL

Following the Capital: Where Energy Investment Is Flowing

- Private equity, venture and infrastructure appetite for energy tech
- Project finance for CCUS, hydrogen and power
- What investors look for in energy technology companies

Speakers to be announced

12:25 – 12:45 PM

FEATURED PRESENTATION

Partner case study

Reserved for a partner

PARTNER SLOT AVAILABLE

12:45 – 1:45 PM

LUNCH

Networking lunch & exhibition

1:45 – 2:35 PM

EXPERT PANEL · THEME 01

From Pilot to Production: AI That Pays Back in the Field

- Turning operations and maintenance data into decisions
- Predictive vs. prescriptive analytics: what works today
- Data readiness, integration and change management
- Digital twins for plants, pipelines and reservoirs

Speakers to be announced

2:35 – 2:55 PM

FEATURED PRESENTATION · THEME 01

The Digital Oilfield in Practice

Reserved for a partner

PARTNER SLOT AVAILABLE

2:55 – 3:20 PM

NETWORKING

Coffee break, exhibition & Tech Demo Corner

3:20 – 4:10 PM

EXPERT PANEL · THEME 04

Building Faster: Modular Fabrication, Automation & the Skilled Workforce

- Modular and offsite fabrication for energy projects
- Welding automation, robotics and quality
- Construction technology and digital project delivery
- Attracting and training the next generation of trades

Speakers to be announced

4:10 – 4:30 PM

FIRESIDE CHAT · THEME 04

Exporting Alberta Know-How: Fabrication, Services & EPC Abroad

- Winning work in the Gulf, Africa and Latin America
- Standards, certification and local partnerships

Speakers to be announced

4:30 – 5:15 PM

LEADERSHIP PANEL

Indigenous Equity & Partnerships in Energy Projects

- Indigenous equity ownership in pipelines, power, LNG and infrastructure
- Financing: provincial and federal loan guarantee programs and private capital
- Building partnerships that last: consultation, benefits, jobs and procurement
- What international partners can learn from Canada's approach

Speakers to be announced

PARTNER SLOT AVAILABLE

5:15 – 6:00 PM

ROUNDTABLES

International Delegation Roundtables & Networking

- Parallel roundtables: Middle East & GCC; Africa; Americas; Europe & Asia-Pacific
- Open to international delegations and registered delegates
- Informal networking

By registration · Day 1 closes at 6:00 PM

7:00 PM

EVENING

VIP & Delegation Dinner

- Invitation-only dinner for VIP delegates, international delegations, speakers and partners

By invitation · Dinner partner opportunity available

DAY 2

Technology & Operations

What is working in the field today.

Tue, Apr 6

Palomino Hall, BMO Centre

7:30 – 8:30 AM	REGISTRATION **Networking breakfast & exhibition**
8:30 – 8:40 AM	WELCOME **Day 2 opening remarks**
8:40 – 9:00 AM	KEYNOTE THEME 02 **Decarbonization at Scale: Making Low-Carbon Barrels Competitive** **To be announced**
9:00 – 9:50 AM	EXPERT PANEL THEME 02 **CCUS & Methane: From Pilot to Commercial Scale** • Capture efficiency, storage integrity and scale-up • Methane detection: satellite, drone, sensors and AI • Emissions monitoring, MRV and regulatory reporting • Integrating emissions technology into existing assets **Speakers to be announced**
9:50 – 10:15 AM	FIRESIDE CHAT THEME 02 **Carbon Markets, Credits & Policy Certainty** • What investors need to commit to decarbonization projects • Credits, offsets and international carbon trading **Speakers to be announced**
10:15 – 10:45 AM	NETWORKING **Coffee break, exhibition & Tech Demo Corner**
10:45 – 11:35 AM	EXPERT PANEL THEME 03 **The New Supply Mix: RNG, Hydrogen, Geothermal & SMRs** • Which technologies are ready for commercial deployment • Integrating new supply with existing oil and gas infrastructure • Lessons from Alberta and international projects • Financing and offtake for emerging energy **Speakers to be announced**
11:35 AM – 12:20 PM	EXPERT PANEL THEME 01 **Powering AI: Data Centres, Natural Gas & the Grid** • Electricity demand from AI and data centres • Gas-fired power, storage and grid reliability • Opportunities for Alberta as a data-centre destination **Speakers to be announced**

12:20 – 1:20 PM	LUNCH **Networking lunch & exhibition**
1:20 – 2:20 PM	INNOVATION SPOTLIGHT **Emerging Startups Changing Energy** ● Six startups, eight minutes each, pitching to operators and investors ● Live feedback from an industry and investor panel ● Focus on AI, automation, emissions and field technology **Startups selected by application** PARTNER SLOT AVAILABLE
2:20 – 3:05 PM	EXPERT PANEL THEME 01 **Protecting Critical Energy Infrastructure: OT Cybersecurity** ● Threats to SCADA, control systems and connected field assets ● Building security into automation and AI projects ● Incident response and resilience **Speakers to be announced**
3:05 – 3:30 PM	NETWORKING **Coffee break, exhibition & Tech Demo Corner**
3:30 – 4:15 PM	LEADERSHIP DIALOGUE THEME 04 **Field Operations of the Future: Robotics, Drones & Predictive Maintenance** ● Inspection drones, crawlers and remote operations ● Predictive maintenance and asset lifecycle extension ● Refurbishment, asset trading and the circular economy ● Safety and workforce in automated operations **Speakers to be announced**
4:15 – 4:55 PM	GLOBAL OUTLOOK PANEL **What International Buyers Want from Canadian Energy Technology** ● Perspectives from Gulf, African and Americas delegations ● Procurement priorities and how to qualify as a supplier ● Turning conversations at the Symposium into projects **Invited: international delegation leaders**
4:55 – 5:15 PM	CLOSING KEYNOTE **Engineering the Future of Energy: Outlook & Closing Remarks** **To be announced**
5:15 PM onwards	EVENING **Innovation Mixer: Cocktail Reception & Networking** ● Informal networking, live demos and partner engagement **Innovation Mixer Partner**

AROUND THE PROGRAM

More than sessions.

Exhibition & Tech Demo Corner
Open both days alongside the program, grouped by theme, with live demonstrations of equipment, platforms and analytics.

Networking
Dedicated breaks, lunches and receptions to connect with delegates, partners and international delegations.

Country pavilions
Meet national delegations from the Gulf, Africa, the Americas, Europe and Asia-Pacific on the show floor.

Innovation Spotlight
Startups pitch to operators and investors on Day 2. Applications open at energytechsymposium.com.

VIP experience
Reserved VIP table, VIP-printed badge, express check-in, VIP Lounge and the VIP & Delegation Dinner on Day 1.

Innovation Mixer
The closing cocktail reception on Day 2: the best networking of the event.

Register at energytechsymposium.com

Standard $799 · VIP $1,199 · Early bird $200 off each pass with code EARLYBIRD until December 31, 2026.

Speaking and partner slots: rahul@canadaenergytechsummit.com
Delegates and media: info@canadaenergytechsummit.com

Draft agenda as of October 2026. Sessions, timings and speakers are subject to change. “Invited” indicates invitations in progress. Prices in CAD, excluding GST and fees.
